STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTION

By Mrs. FEINSTEIN (for herself and Mr. PADILLA):

S. 2749. A bill to prohibit the use of Federal funds to close or relocate the Marine Corps Recruit Depot in San Diego, California; to the Committee on Armed Services.

Mrs. FEINSTEIN. Mr. President, I rise today in support of the "Marine Corps Recruit Depot San Diego Protection Act," which I introduced today with Senator PADILLA.

This bill would protect the historic Marine Corps recruit training base in San Diego and ensure that Marines have a world-class training facility on the West Coast.

The base became operational in 1921 and began its mission of training and "the making of Marines" in 1923. On January 1, 1948, Marine Corps Base, San Diego was officially renamed Marine Corps Recruit Depot, San Diego.

As needed, the base has increased the number of new Marine recruits that it trains to ensure our readiness during periods of conflict.

For example, the Marine Corps Recruit Depot San Diego augmented troop training during the Korean War and expanded training during the Vietnam War. In recent decades, the base has prepared Marines to fight in the conflicts in Iraq and Afghanistan.

The installation's unique Spanish colonial design by Bertram Goodhue adds to its historical richness. Twentyfive of the Depot's original buildings have been deemed worthy of preservation for their historical significance and are part of the National Register of Historic Places.

In May, the San Diego Depot celebrated its historic graduation of its

first gender-integrated class of new Marines, well in advance of the requirement in the National Defense Authorization Act for Fiscal Year 2020 for Marines to conduct integrated gender recruit training by 2028.

Marine Corps Recruit Depot San Diego accomplished that mission this year, demonstrating the can-do spirit that has animated the base since its establishment.

Our bill would prohibit the closure of the historic Marine Corps Recruit Depot located in San Diego. It would protect regional jobs and tourist revenue generated by the installation.

The bill would also eliminate the need for costly new military construction if the training mission were relocated, and prevent the disruption of families and training.

Lastly, the bill would guarantee the annual basic training for Marine recruits at the place where their fellow Marines have trained for a century. On the 100th anniversary of the installation, we must continue this critical mission in San Diego and preserve its history.

It is imperative to maintain facilities that train and prepare our Armed Forces to meet the challenges of tomorrow. The protection of the Depot preserves an important legacy of the Marine Corps. The installation also offers a strategic location to position forces in the West.

I hope my colleagues will join me in support of this bill. Thank you Mr. President. I yield the floor.

By Mr. PADILLA (for himself, Mr. PAUL, Mr. DURBIN, Ms. COLLINS, and Mr. COONS):

S. 2753. A bill to amend the Immigration and Nationality Act to authorize lawful permanent resident status for certain college graduates who entered the United States as children, and for other purposes; to the Committee on the Judiciary.

Mr. President, I rise to introduce the "America's Children Act of 2021."

This legislation would ensure that dependents of immigrants in the green card backlog do not age out of their legal immigration status when they turn 21 and provides a pathway to permanency for these children and young adults.

WHAT THE BILL WOULD DO

This legislation would provide a pathway to permanent residency for dependents of nonimmigrant visa holders if they have been a dependent for at least 4 years, have lived in the United States for 10 years and have graduated from an institution of higher education in the United States.

The bill fills an important gap in our legal immigration system, since many immigrants and their families often have to wait decades to receive a green card due to numerical limitations and per country caps. The children who age out of dependent status have few options to stay in the United States once they turn 21 and even fewer paths to

permanency even though many have only known the United States as their home. It is unjust that these children and young people are at risk of deportation to their birth countries simply because our legal immigration system is outdated.

WHY THE BILL IS NEEDED

There are an estimated 255,000 children who are or were the dependents of parents with lawful work visas, currently awaiting their green card processing in the immigration backlog. All of these individuals are at risk of deportation at age 21 if their applications are not processed in time, or have already aged out of status.

This bill is a commonsense measure that ensures that children who have grown up in our communities and wish to go to a university and work in the United States have the opportunity to do so. Most of these individuals do not have close ties in their birth countries and removing them from the United States would mean separation from their families and the life they have always known.

Thank you Mr. President. I yield the floor.

S. RES. 366

Whereas the events that led to the signing of the Constitution of the United States by the delegates to the Constitutional Convention on September 17, 1787, have significance for every citizen of the United States and are honored in public schools across the United States on Constitution Day, which is September 17 of each year;

Anthony, Rosa Parks, Harriet Tubman, Abraham Lincoln, Frederick Douglass, Martin Luther King, Jr., Thomas Jefferson, and James Madison founded or advanced the United States;
